Adjustment Descriptions

Contractual adjustment ($886.00): difference between billed charges and the in-network allowed amount; not billable to the member.

Fictional data. Not a real insurance, billing or medical document. Not legal or medical advice.

Deductible ($300.00): remaining annual deductible applied to line 1 (CL-A-2.1).
Coinsurance ($270.80): member share of 20% after deductible (CL-A-2.2).
Emergency services: subject to deductible and coinsurance; no separate ER copay (CL-A-4.1).

Test-scenario note: This EOB was prepared for the scenario in which all four claim lines are treated as covered. It intentionally conflicts with Sample_Denied_Claim_Notice.pdf, which denies the CT line (74177) for the same claim reference. ClaimWise should surface the conflict rather than silently choose one document. The $1,200.00 deductible met before this claim is an invented assumption.

Fictional data. Not a real insurance, billing or medical document. Not legal or medical advice.
